FROM RICHMOND TO WASHINGTON

Statement of Progress on Proposed Great Highway.

ANSWERS INQUIRIES.

Portion of Road Between Alexandria And Washington in Order—Work in Counties.

Washington Nov. 15.—President Henry W. Anderson has received so many inquiries about the progress of the Richmond-Washington highway that he has set forth in good legal style just what has been accomplished in the work of constructing that much discussed road. After a conference with Captain P. St. Julien Wilson, State Highway Commissioner, President Anderson, of the Highway Association, gave out a memorandum, the greater part of which follows:

1. Between Washington and Alexandria, the principal porton of the road has been paved and is macadam road for the remainder, so that this may be regarded as fixed.

2. In Fairfax county, the board of supervisors petitioned for an election to authorize a bond issue of $90,000 to construct two roads from Alexandria to Pohick church with bituminous binder. This election has been held and the bond issue voted consequently the road through Fairfax county can be constructed in first class condition without aid from the corporation. The United States government has authorized aid to this road to the extent of $6,500, together with any surplus left over from the road between Spottsylvania and Newman's Mill.

3. In Prince William county the road has been constructed from Occoquan south about three miles. We have actually paid on account of this construction, $1,400 to meet an equal amount raised by subscription in the county. Mr. Janney has in hand now about $700, which is all that he can raise. If we meet this amount with an additional $700 it will make our total appropriation to this district $2,100, and will leave a shortage of about $2,000 necessary to complete the road through this district.

In Dumfries district there is $7,- available of county and state We have agreed to ap- 00 to this work, which ve $11,400. The work will $13,000 without overhaul, which be approximately $1,000 addi- al, by a total cost of $14,000. aptain Wilson and I agreed that would meet the $700 in Occo- district with an additional ap- ion of $700, bringing our ments up to $2,100 and then Mr. Dawson and try to ar- or the completion of the work district, even if it were not the highest grade.

n Stafford county. Work is progress in Stafford county convict force. It wil lre- t $6,000 from this corpor- omplete the northern end ce William line.

ylvania county. The dericksburg and the Au- h there have arranged y to build the road from Fredericksburg. From burg to Spottsylvania se the road has already tructed. From Spotsyl- rt house south to Snell's e road has also been con- nd the work is now in pro- convict force southward ll's Bridge to Partlow's. States government has appropriate one-third of the road from Spottsyl- house to Newman's Mill county.

e County. The United rnment will aid to the ex- e-third of the cost of the aroline county and we will ave to pay the balance of

over county. The county able $6,000 and we have appropriate $6,000 and the tates Government $6,000 making $18,000 with which to complete the road from Anderson's Bridge to Newman's Mill, south of which the road is already constructed. This cost does not include three bridges on this road, which Hanover county will build separate from the general appropriation.

The bridge just beyond Chickahominy river near Mr. Luck's place has been washed out, and Mr. Luck, supervisor, successor to Mr. Saunders, is anxious to rebuild it with concrete at a cost of about $1,200. Captain Wilson and I have agreed to pay one-third of the cost, not to exceed $500.

7. Henrico County. Status still undetermined and nothing definite has been done.

It appears from these memoranda that the requirements from the corporation to complete the road along the lines indicated in this conference will be substantially as follows:

Prince William County, Occoquan district:	
Paid	$1,400
Additional	2,600
Needed	4,000
Dumfries district	7,000
Total	$11,000
Stafford county	$6,000
Spottsylvania County	
Caroline county	5,000
Hanover county:	
Johnson's district	$6,000
Lucks' district	500
Total	$ 6,500
Henrico County	3,600
Grand total	$31,000

ROOT FOR VIRGINIA TODAY.

Many Alexandrians on Georgetown Field This Afternoon.

Several hundred Alexandrians and 150 students of the Episcopal High School and the Theological Seminary of Virginia, are attending the Virginia-Georgetown football game on Georgetown field this afternoon. The city is practically devoid of professional men, nearly all of the lawyers and doctors having gone to the game.

Alexandria as a whole is backing Virginia to win today's game although there are a number of Georgetown supporters in the city.

FUNERAL OF MRS. STORY.

The funeral of Mrs. Nellie Story took place at 4 o'clock this afternoon from B. Wheatley's undertaking chapel. The services were conducted by the Rev. S. A. Wallis, of the Theological Seminary. The remains will be taken to Middleburg, Va., for interment.

HONEY IN OLD HOUSE.

While tearing down a portion of the residence on Cameron stree which was occupied for many years by George Uhler, a great quantity of honey was found between the walls yesterday and it is thought by those who examined it that some of it had been there a great many years. The building was erected over 70 years ago and the bees have always made their home between the rafters

OLD CITIZEN SERIOUSILY ILL.

Joseph F. Johnston, Attache of The Smoot Tannery Nearing 84th Mile Post.

The many friends and acquaintances of Joseph F. Johnston will regret to learn he is critically ill at his residence, 419 south St. Asaph St. Mr. Johnston, up to a short time ago, had borne well the burden of years, he having passed the octogenarian mark, and should he live until next March, he will have attained his 84th year. He has been an attache of the Smoot tannery during the past seventy-two years, and is the last of his cotemporaries.

Starting while a boy feeding bark into the mill under the elder C. C. Smoot, he has lived to see the former and his two sons, C. C. and John B. Smoot, who were associated with him, pass into the other world, as well as Robert Johnston, John Webster, Beverley Foley, John Murphy, and others with whom he worked in his early years.

There is no other instance in this city where a resident has passed so many years in one establishment. His employers have justly appreciated his faithfulness during all the time.

ROAD OFFICIALS MANNING TRAINS

Southern Pacific Strike Ties up System in Louisiana.

MAY SPREAD TO WEST.

Disaster to Cane Growers' Harvesting Crops Should Frost Set in Under Present Conditions.

New Orleans, La., Nov. 15—Except for two transcontinental passenger trains, one arriving and one leaving here, traffic on the Southern Pacific Railway in Louisiana is tied up by the strike of engineemen and trainmen. An embargo has been placed on freight, the road will not attempt to operate freight trains and all passenger trains but the two through trains have been annulled indefinitely.

The train arriving today was manned by the road's division officials from Lafayette, La., a division terminal, and the same crew took out the westbound train.

No violence was attempted and the crew was not subjected to the usual hoots and jeers attending a strike. Local union officials at a meeting today told the men that attempts at violence would mean expulsion of the perpetrators from the union. They predict that the strike will spread to the west.

With the loss of millions of dallors staring sugar and rice producers of Louisiana in the face, because of the strike, business men here, through a committee, sent a long message to President Wilson appealing to him to intervene to help settle the strike and learned that the President had had sent word to Judge W. Lea Chambers, Commissnoner of Mediation, now in New York, to get in touch with the strike situation on the Southern Pacific lines as quickly as possible.

Cane producers are in the midst of harvesting a large crop. Should frost come before it is hauled to mills, the loss will be heavy. The Southern Pacific traverses the richest cane section probably in the United States.

HIGH SCHOOL DEFEATED.

Fail to Score Against Steward's Business College.

Steward Business College 8, Alexandria High School 0.

Before a large crowd of enthusiastic young people Steward's Business College Foot Ball team defeated the Alexandria High School yesterday afternoon at the base ball park by pushing the pig skin over the line for a touch down goal, and safety registering eight points to the home teams nothing. The High School boys put up a game fight and contested every inch of the ground but was forced to give away to superior training and team play. Their offensive work was very good and their fighting spirit showed up to advantage on several occasions, but their defense was poor, allowing their opponent to open their line for long gains at critical movements when had they been better trained might have resulted in a victorious score.

THREW BIG DIAMONDS AWAY.

Thief Saved Only Gems Small Enough To Sell to Pawn Brokers.

Boston, Nov. 15.—A story of diamond robberies in which several thousand dollars worth of gems were thrown into the sewer was told to the police yesterday by Sidney Jameson, janitor of an apartment house in Brookline.

Jameson was arrested while trying to dispose of some jewelry in a South End pawnshop. The police interrogated him, and it is alleged the prisoner made a complete confession of several burglaries. Twice, he told the police, he took diamonds that were so large that pawn brokers would not buy them, and he threw them into the sewer. At one house he stole a necklace worth $5,000. Failing to find a buyer, he dropped the gems into a waste pipe.

CARNEGIE GIFT IS NOT ACCEPTABLE

Conference Endorses Rejection of Proffer of $1,000,000.

MONEY FOR COLLEGE.

Endowment of Randolph-Macon Increased and Additional Funds Given for General Expenses.

Lynchburg, Nov. 15. —By a rising vote, members of the Virginia Conference of the Methodist Episcopal Church South, yesterday indorsed the action of the minority members of the board of trustees of Vanderbilt University in voting against acceptance of the $1,000,000 gift offered to the university's medical department by Andrew Carnegie. They also voted their approval of the action of the college of bishops in vetoing the action of the majority members of the Vanderbilt board. The resolution offered in this connection states that the action of Mr. Carengie in offing the gift is appreciated, but it is regrettable that he surrounded it with such conditions that it could not be accepted by the church.

The expression of the conference in connection with the Carnegie offer came up with a report of the board of education, which was submitted by Dr. James Cannon. This report also recommended an enlargement of the endowment of Randolph-Macon College and an increased appropriation for its current expenses. This feature of the report met with some opposition, and a minority report was submitted to the conference by James W. Bouldin. The majority report, which had been commended in a letter written by John P. Branch, of Richmond, was adopted. Mr. Branch has recently given $25,0000 to Randolph-Macon College to be used in building the Thomas Branch Memorial Dormitory; and he received the formal thanks of the conference for hi gift.

PLEADS FOR DEATH BY POISON

Slayer of Rogerson Says He Wants to Finish Work Begun Last Sunday.

There is practically no change today in the condition of Clarence Rowzee, who yesterday was bound over to the grand jury for the killing of Joseph D. Rogerson, and who is in the Emergency Hospital, Washington, with a self-inflicted bullet wound in his head. The surgeons said this morning that the patient is doing well, but his condition is such that they can give no definite assurance as to whether he will recover.

Rowzee does not want to recover. He has begged his pretty young wife, Mrs. Emma Rowzee, who has visited him at the hospital, to get him poison to end his life. He told her he came to Washington for the purpose of killing her and then taking his own life, and he has not changed his mind about wanting to die. That he did not kill his wife was due to the fact that he failed to find her in the lunch room when he went there last Sunday.

Mrs. Rowzee has been separated from her husband for some time, she havng heard that he has another wife living. Mrs. Rowzee told Detective Baur that when her husband regained consciousness last Tuesday he admitted to her that his first wife was living as far as he knew.

FUSILADE OF BOTTLES.

People residing in the square bounded by Patrick, Henry, Wilkes and Gibbon streets, are complaining of the acts of some thoughtless or mischievous people—probably boys—who divert themselves by throwing bottles toward every point of the compass. These dangerous missiles fall in yards and sometimes in dangerous proximity to the heads of people who may be out of their houses at the time. The police have been asked to investigate, and if the offenders are detected they may be compelled to pay fines for their acts.

LOCAL BREVITIES.

The real estate firm of Graham & Ogden have sold a house and lot at 631 north Columbus street to Virgil A. Payne and wife.

Judge J. B. T. Thornton, of Manassas, came to Alexandria this morning and closed the Circuit Court of this city for the November term.

T. Clifton Howard, who was elected on Tuesday as school trustee from the Fourth Ward, qualified today by taking the oath of office before Clerk Greenaway.

Kelly Dove, Jr., was conducted before Justice Troth at Accotink, a few days ago by Game Warden Payne and made to pay $1.80 costs for refusing to show Payne robins it was alleged he had in his possession.

The fifteen shares of stock of Charles King and Son, Incorporated, which were advertised for sale at public auction today were withdrawn from sale.

CARDINALS VS. FORT MYER.

The Cardinal football team will line up against the strong Fort Myer team Sunday at the ball park, on north Alfred street at 3 o'clock. The home team will appear in their new football togs and as usual will make a good showing against the strong post team.

Manager Mueller will have Dick Snowden back at quarter and McBride, Cockrell and Ale will compose the back field. With this quartette of backs they should play the game in old time style.

All members are requested to report at the ball park for practice Sunday morning at 9 o'clock.

SOCIAL LAST NIGHT.

The social given last night by the Westminster League of the Second Presbyterian Church in the Westminster Building, was an enjoyable affair throughout. Miss Florence McDonald, of Bellcourt Seminary, Washington, gave a number of selections which were greatly enoyed.

It was the twenty-third anniversary of the organization and the members and friends brought little bags filled with money for the church repair fund.

SEES HER BABY CRUSHED.

Heavy Wagon Passes Over Girl's Head as Mother Holds to Her Tiny Hand.

Baltimore, Nov. 15.—Her mother trying to drag her to safety, Evelyn Virginia Starr, 18 months old, was crushed to death under the wheels of a heavily loaded double team wagon at Chester and Fayette streets yesterday afternoon.

Mrs. Allen W. Starr, mother of the infant, started across Chester street with the baby tugging at her fingers when suddenly the little feet tripped and the child swung along the pavement. At the same instant the double team coming down the steep grade from Fairmount avenue passed.

A wheel struck the girl and the horrified driver reared backward, tugging at the reins. With the mother's hand still about the child's wrist, the wheels passed over the head of Evelyn.

The mother dumbly lossened her grip on the little hand and pressed her hands to her eyes. The driver ran to her aid and passersby crowded about, while a thoughtful street cleaner cast aside his broom and picked up the baby. The Eastern district ambulance was summoned and the baby was taken to Johns Hopkins Hospital. Physicians said death had been almost instantaneous. The body was taken to the morgue to await an inquest.

Alexander Duval, colored, 1714 Keyser street, the driver of the team which was hauling brick for the owner, Frederick W. Biemiller, 105 north Kenwood avenue, was arrested.

FEDERALS DRIVEN OUT OF JUAREZ

American Troops Rush to Protect Residents of El Paso.

FEDERALS SURPRISED.

Attacking Forces Steal Quietly in City at Night—Will Protect Citizens of United States.

El Paso, Tex. Nov. 15.—Mexican constitutionalists, numbering 2,500, under General Villa, captured Juarez, across the Rio Grande, early today. They have made the custom house their headquarters. General Castro, federal commander of Juarez, has fled.

Reports say that the constitutionalists lost but two men. The federal losses could not be ascertained. Fighting began during the night when Villa's men surprised the Juarez garrison, and firing continued until after 4 a. m. Bullets fell thickly over El Paso and the Second and Thirteenth cavalry regiments were rushed to the boundary line. Mexican refugees came in continuous streams over the international bridges.

Villa is said to have 6,000 men at Chihuahua from which the attacking force came. They entered Juarez so stealthily in small detachments that the federals knew nothing of their presence until they opened fire.

As soon as he had captured the city, General Villa authorized the announcement that the lives and property of the Americans would be protected by the constitutionalists.

The federal patrols aroused the garrison as rapidly as possible, but the attackers had gained positions of strong advantage before formidable resistance could be organized by Col. Castor, the Huerta commander. For two hours the firing in the streets was fierce and then, at 4:35 the constitutionalists captured the customs house.

Occupying this as his headquarters, Villa sent out detachments to seize the approaches of all river crossings into El Paso, in order to prevent a futilgive from escaping to the American side.

Jaurez is to be made a military base.

Mexico City today will bring forth the end or the beginning of the Mexican situation." Today is the date set for the convening of the new congress. The United States has insisted that it shall not convene. If it does the optimism of President Wilson as to the outcome, will have been justified. If it does the recall problem of the United States will perhaps have just begun.

There is but one middle ground upon which there may be based a successful termination of the controversy. Huerta may carry his point in calling the Congress, but when it assembles he may resign.

Administration officials here awaited during the morning a message from Charge O'Shaughnessy which would show which course Huerta had chosen to pursue.

CASH TALKS AT HOWARD'S.

It is because you pay cash at Howards that they can afford to sell you cheaper than any one else in Alexandria. They do not have the expense of interest on their outstanding accounts, bad debts, collector or bookkeeper, but turn over their money every day, which enables them to take better advantage of the market than the ordinary credit grocery store. Of course, credit is a convenient thing, but it costs you money which you could no doubt use in any way. Make up your mind to buy your groceries at Howard's, and you will save from 10c to 15c on every dollar you spend. (adv.)

HIGH SCHOOL NOTES

Literary Society Meets Tonight—Plans For High School Societies

A meeting of the Alexandria High School Literary Society will be held at 7:30 tonight in the Lee school building. Much discussion will be forthcoming concerning the allowing of freshmen to become members of the society. The question for debate is: "Resolved, That Co-Education is Preferable to Separate Education in Virginia." The debaters are: Affirmative, Miss Madeline and Harold Martin; Negative, Jack Reardon and Miss Corinne Reardon. Declamations will be given by Frank Johnston, Miss Mabel Henderson, and Hirst Hayes. The presence of the Critic, who was absent from the last meeting on account of illness, will help in extending the program.

The movement for a state high school oratorical association, which was started by the A. H. S. Literary Society, when they first organized, has almost been perfected. Plans have been discussed with a gentleman from the University of Virginia, and the United States Superintendent of Education, who have been working on this same plan for a number of years. It is to be started in Virginia, and the Alexandria High School Literary Society will have the honor of being the first to suggest it among the high school literary societies of the states.

This society has grown into one of the best features of the high school work. The Critic, who has had a great deal of experience in debating and declaiming, has pronounced the society the best he has seen for having been organized for such a short time.

The II English class are going over the specified course in English very rapidly. They have had the essentials of the paragraph and everything concerning it drilled into their heads until they know it automatically, if in no other way. The work on the classics is also progressing. Now that they have read "Julius Caesar," once, work will be commenced on the play. A large number of the class went to see "Ivanhoe," which they are studying as a parallel classic, produced in motion pictures. If this good work is kept up for the class of 1916 they have a bright future before them in English.

The first year have had two tests during the week, one in arithmetic and another in physical geography. Good marks on them are expected by most of the class.

Tom Wattles, who is still confined to the hospital with appendicitis, is better, and the whole school hopes he will soon be well enough to leave the hospital. His name is on the program for the debate November 29, but it is hardly likely that he will be able to debate, if even able to attend.

The short debates held in fourth year English classes will improve the seniors' ability to debate a great deal. Advantageous practice in argument helps them in their literary work, besides making them stand a good showing on the programs of the Literary Society.

Meetings to Commence in Second Presbyterian Church Tomorrow Night

McMillan, pastor of the Maryland Avenue Church, of Baltimore, will assist Rev. Dr. J. Lee Allison, pastor of the church. The revivals which has been in progress in the First Baptist Church recently closed last night. Rev. Benjamin Donald Gaw, of Washington, who has assisted Rev. Dr. W. F. Watson, has delivered the sermons at these meetings. Considerable interest has been manifested throughout, not only among persons not connected with the church, but by members of Dr. Watson's congregation, the words of the preacher proving meat in due season to all.

ANOTHER LIQUOR ELECTION.

Clifton Forge to Vote on Question of Saloons.

Clifton Forge, Va., Nov. 15.—The expected has happened and on Tuesday, December 23rd, 1913, the votes of the city will determine the future policy of Clifton Forge on the liquor question. Having examined the petition recently presented to him paying for the call of a local option election, and finding that the petition contained sufficient names and complied with the law, Judge George K. Anderson has caused to be entered an order in the clerk's office of the City Circuit Court ordering an election on the day named above. A day or two after the general election a petition or two was placed in circulation by those friendly to the re-opening of saloons and it was signed by about 200 voters and the calling of the election was a natural result.

SON KILLS FATHER.

Many Exonerate Youth Who Slew Parent to Avert Another Tragedy.

Big Stone Gap, Va., Nov. 15.—Robert Wells, 17 years old, Thursday night shot and instantly killed his father, Jerome O. Wells, to save his mother's life, firing a pistol bullet into the man's brain.

The body had heard his father and mother quarreling and rushed into a room just as the man was in the act of raising a double-barreled shotgun to shoot Mrs. Wells, saying he would kill her. The boy shot him with a .32-caliber revolver, the bullet going through the man's jaw and lodging in the brain.

Mr. Wells was 45 years old. He conducted a large dairy business here, supplying the town and employes in the local coal fields with milk. He leaves a widow and six children.

It is believed that the boy will be exonerated of the charge of killing his father. Much sympathy is felt for him here.

Hammond had been on a trip South and was on his way to Roanoke when he lost his life. News of his untimely death has been telegraphed to his relatives here.

NEGRO GUILTY OF MURDER.

He Killed and Robbed Christian Science Woman in Los Angeles.

Los Angeles, Cal., Nov. 15.—Burr Fafond Harris, a young negro, was found guilty late yesterday of murder in the first degree for having killed Mrs. Rebecca P. Gay, a Christian Science practitioner, by crushing her skull with a piece of pipe in her offices in a downtown building two months ago.

The jury deliberated only 18 minutes. Harris will be sentenced next Tuesday.

Harris confessed that he had murdered Mrs. Gay in order to rob her. The crime netted him less than $50. His defense was insanity, but a number of alienists pronounced him sane.

NEWSPAPER FAKING.

Much interest will be felt among newspaper men in the announcement of the New York World's new "bureau of accuracy and fair play." The purpose of this department is to check carelessness, avoid needless libel suits, to promote fair play, and stamp out fakes and fakers.

The public sometimes laughs at the smaller newspapers as collections of curbstone gossip, and looks with a certain awe at great metropolitan journals of a hundred thousand circulation, as institutions dealing with great national issues on which a high standard of accuracy and truth telling is required.

In actual practice the situation is reversed. The smaller papers, those that are close to a small city or village constituency, are held down very rigidly to high standards of accurate reporting. If some one's initial is printed wrong, they will hear about it next day. The most offhand remark is often accepted as containing deep and poisonous innuendo.

On the other hand, even the best of the big metropolitan papers print news on mere hearsay, affecting the most important and delicate interests of business and government. The next day the whole thing is riddled by the people who know about it, error is admitted, and every one forgets about the incident except those who are injured.

The smaller city and daily and the country weekly realize fully the folly of all this. It sells papers for the moment, markets a pot boiler for today. In the long run it hurts newspaper circulation and disgusts the public. It places irritations and obstacles in the way of the true newspaper man who is working every minute to find the truth and give it to the public. The World has taken an advance step of the first importance, and one that could do much, if imitated elsewhere, to elevate journalism into a high degree of professional dignity.

EX-SENATOR DAVIS 90 YEARS OLD.

Although still a trifle weak from his recent illness, Henry Gassaway Davis, former United States Senator, and in 1904 nominee for Vice President of the United States on the Democratic ticket, will celebrate tomorrow the 90th anniversary of his birth with a fair prospect of being able to enjoy life for some years to come. His days of strenuous activity have passed, it is true, but the venerable ex-senator is too active and energetic a man to allow himself to give up all work. He has retired from active political life and transferred the greater part of the work connected with the management of his numerous and important business interests to younger shoulders, but his mind is still active and clear and he still continues to superintend the various enterprises in which he is financially interested.

Alexandria's Shade Trees.

Editor Alexandria Gazette:

It is quite a great pleasure to me to spend a few moments of my time in congratulating the people of Alexandria for possessing such nice shade trees and trying to impress the necessity of real "Tree Surgery," scientific treatment of trees, such as prunning, cementing, chaining and bolting.

Strangers are always delighted when they visit a city whose streets are lined with fine shade trees. True, many trees here have been sadly neglected, but by proper care and scientific treatment the neglected trees, sick, deformed, storm-damaged and diseased can be put in good condition and their years of usefulness prolonged indefinitely.

It is a good thing to plant plenty of young trees to beautify your streets in the years to come.

I notice some trees have been ruined by topping. Mr. Tree Owner, never allow any one to cut the top off of a tre on your property. That is true butchery. It kills many trees, as is evident by numerous, hideous examples on the public thoroughfares of Alexandria, where topping fails to kill it invariably ruins the symmetry and gracefulness of the tree.

Scientific trimming on the other hand not only proves beneficial to the health of the trees but greatly improves their appearance without detracting their ability to give necessary shade to surrounding premises.

I shall be glad to hear of the adoption of your suggestion and plans looking to the perpetration of your City's splendid accumulation of shade trees, but by all means let property owners or the City care for the grand trees that now exist in Alexandria. Neglect of your present trees can not be made up by planting new ones. Do both. Care for the old and plant new trees, then you will have a City that will be far famed for its shade trees.

Yours very truly,

FRITZINGER CAREER.

Is Wanted at Mauch Chunk, Pa.—Officers Leaves for Norfolk.

Mauch Chunk, Pa., Nov. 15—News of the confession of Oscar Fritzinger at Norfolk, Va., that he drowned his wife in the Lehigh Canal at Weissport in April, 1906, amazed the community at Weissport and Lehighton, where Fritzinger is well known, and where nobody save Fritzinger's father-in-law, Frederick Mangold, ever believed he had taken the life of his beautiful young wife.

The tragedy occured on April 13, 1906, when Fritzinger and his wife visited in Franklin township close to Weissport, and seemed to be on the best of terms. The following morning the body of Mrs. Fritzinger was discovered in the Lehigh Canal a short distance above Weissport. Dr. G. S. Kirby, of Mauch Chunk, then Coroner, was called to the scene and after making a thorough investigation decided that the holding of an inquest was un-necessary, as there were no marks of violence on her body and no indications of foul play.

He believed she had had an attack of vertigo, fallen accidentally into the canal and been drowned. Some claimed she had committed suicide, as she had been of a melancholy disposition since the birth of her baby a short time previous and had threatened to take her life.

This was the conclusion of her family, except the father, who strongly insisted then and ever since that his daughter was thrown into the canal by her husband.

Fritzinger, who was at his home when the body was discovered in the canal, assisted in its removal from the water, and seemed to be greatly affected. The story he told was that he and his wife had taken supper together, following which they both walked up White street, Weissport together. At the bridge she left him to walk up the canal, to Whitehead's lock, and thence to her sister's home at North Weissport.

He said he went up the railroad to Lehighton to attend a lodge meeting.

Some time after the death of his wife he was arrested on a serious charge, preferred against him by a Lehighton woman, and was committed to the Mauch Chunk jail. He was later released upon promise that he would marry the woman which he did. He then left the community and nothing had been heard of him there since then.

District Attorney Chester G. Seizer, of Weissport, and Officer George Newhard, of Lehighton, left for Norfolk yesterday evening, and will bring Fritzinger back and commit him to the county jail to await trial.

HIGH SCHOOL NOTES.

(Continued from page two.)

Wednesday by a Latin test. This made the third test during the week. They had had already a physiology and an algebra test. One satisfaction gained is that most of the tests being over, no worry or thought of them will enter the pupils' minds for the rest of the six weeks, as the last six weeks when all the tests came together in the last week.

The little French story, which the juniors are now reading, is enjoyed by the whole class. Things like this make the work in French not only easier, but interesting.

The Sophomores have been having a few days off from physiology lessons, employing their time in putting drawing and diagrams in the note book. Drawing makes the physiology one of the best liked studies in the second year course.

The first year have been having recitations in the English class during the week. The recitations would do credit to the declamations in the Literary Society. When they become members of the Literary Society this practice will make itself shown in their declamations and in their speaking.

A meeting of the high school was held in Miss Hoffman's room Thursday. Tickets to the game Friday were distributed for the pupils to sell.

The pins which the seniors have selected as graduating pins are of a very pretty design. The colors are black and gold. The pin is of gold in the shape of a small black square, with curved-in sides. Gold letters are placed on a small black surface similar to the shape of the pin. The pin agent, from whom the sophomores ordered their class pins, has not yet been heard from.

Thursday, the sophomores were given an interesting talk on the Roman calendar by Mr. Blanton. The method had of computing time and the division of the Roman month into Kalends, Nones, and Ides held the attention of the pupils for the period.

LOST—A small package of papers of no use to any one except myself. Finder please leave at my office, 127 south Royal street, and receive reward, and oblige ROBERT ELLIOTT.

NEWS OF THE DAY.

The most disastrous storm in the history of the Great Lakes exacted a toll of over 300 lives, sent to the bottom or totally wrecked nineteen mammoth freight steamers, and caused a property loss in boats alone of $10,000,000. Many small craft were demolished, but of the loss on these no definite estimates have been made.

A fire which did $110,000 damage broke out in the Thompson Specialty House at Binghamton, N. Y., yesterday afternoon and spread through the business section, destroying three blocks and damaging two more before it was under control. Three firemen were hurt. No lives were lost, but 200 employes had narrow escapes.

A gas jet left burning in a room to satisfy the whim of four-year-old William Richardson, who "can't sleep in the dark," caused $4,500 damage by fire last night at 1333 Columbia Road, Washington, the home of Samuel A. Richardson and his brother, Earl Kent Richardson. The child, in leaning out of his bed, pulled the curtain over the gas jet.

Waters in the Monongahela, Allegheny, and Ohio rivers will pass the flood mark today. Flood conditions over the entire Ohio Valley are predicted. The thaw of the last few days has melted thousands of tons of snow. Rain has fallen since the snow began melting. Flood conditions through the Ohio Valley may result following a downpour of rain which began before midnight and continued with no signs of let-up throughout yesterday. Coming with warm weather, the rain carried off the eighteen inches of snow that fell in the blizzard of a few days ago. Already the river has reached a stage of fifteen feet, the highest since last spring, and it seemed certain the Ohio river would overflow its banks.

Eight men were burned in the ruins of the new Lyman Building, Cedar Rapids, Iowa, which collapsed late yesterday afternoon. One man was killed and two fatally injured. The building was seven stories high and the outer walls had not been completed. The seventh-story columns collapsed and carried down all the other floors in the rear portion of the building, hurling the workmen to the basement.

Too big a meal of corn beef and cabbage last evening caused the death of Thomas Hutchinson, sixty years old, of 940 E street northwest Washington. Shortly after 5 o'clock he became violently ill and died in a few minutes. Acute indigestion produced from eating a large plate of his favorite food was the immediate cause of death.

John Redmond, the famous English home rule leader, was attacked by a militant suffragist while traveling at Newcastle, from London yesterday to address a political gathering. He was struck over the head and in the face several times, the woman using her handbag as a weapon. The train guards overpowered her.

Important resolutions precipitated sharp discussion among delegates of the American Federation of Labor yesterday at Seattle, Wash. They included a demand for general elections at which all voters of the nation may decide important questions exclusion of all Asiatics from the United States; Federal investigation into conditions on the Pennsylvania Railroad, and refusal to arbitrate the Panama canal question with Great Britain. Opponents of Panama arbitration declared that the submission of the question of America's right to regulate its own affairs to a foreign board would be preposterous. Indications were that all the resolutions would be adopted.

Quoting the Bible and many legal works and former President Theodore Roosevelt in favor of corporal punishment for criminal offenders, Representative Brockson of Delaware, in the House yesterday, defended Delaware's whipping post. "The practice of making martyrs of criminals is a craze, the course of modern society," said Mr. Brockson. "I have little patience with any man who permits his sympathy to run with the current so far as to forget the rights of law-abiding citizens of the State. No State undertakes to inflict penalties that will be approved by the criminal."

While maing a flight around the Asiatic squadron in Manila Bay yesterday, Second Lieut. C. Perry Rich, of the Aviation Corps of the Phillippines Scouts, U. S. A., fell into the aby with his hydro-aeroplane and was drowned. Lieut. Rich was a native of Indiana, born January 21, 1873.
